

## **DOUGH ORNAMENTS**

**4 c. flour**

**1 c. salt**

**1 1/2 c. water**

**Cookie cutters**

**Straw**

**Yarn**

**Tempera paint**

**Clear fixative spray**

**Mix first 3 ingredients. Knead for 5 minutes and shape into a ball.**

**Roll dough on a floured surface. Cut into shapes with the cookie cutters or shape with your own design. Make a hole in the top with straw (or toothpick). Bake at 350 degrees for 1 hour. Paint with Tempera paint. While paint is still wet, you can sprinkle with glitter, if desired. When dry, spray with clear fixative. Insert yarn into the hole and tie in a bow and hang on your Christmas tree.**
